Death Comes as Tragic Climax to Divorce Suit Against the Wife of Actor
Greenleaf.

San Francisco, March 26 - Word has reached the Pacific Coast that death has ended the divorce suit brought by Mace Greenleaf, actor, against the beautiful and impulsive Lucy Banning-Bradbury-Greenleaf, who eloped last year and went to Mexico with Robert Ross, a Los Angeles newspaper man.

Greenleaf, who was at one time a leading man at the Valencia Theater in this city, died of pneumonia in Philadelphia after an illness of five days. He was seemingly in the best of health when stricken, and was expected to recover after rallying. He suffered a relapse and succumbed suddenly.
